#### **Beaumier Upper Peninsula Heritage Center**

***Mary Biekkola Wright: A Retrospective 1986-2011***

**April 22 through August 28, 2023**

The Beaumier U.P. Heritage Center is proud to announce the opening of its new exhibition celebrating the work of one of the U.P.'s strongest public art advocates. "Mary Biekkola Wright: A Retrospective, 1986-2011" will open on Saturday, April 22 at 12 p.m. in the Beaumier Center's gallery in Gries Hall. The gallery is free and open to the public. The Center's hours through May 6 will be Monday through Friday, 11 a.m. to 5 p.m., Thursdays until 8 p.m. and Saturdays from 12 p.m. to 4 p.m. The Center's summer hours will begin on May 9, and will be Tuesday through Saturday, 12 p.m. to 4 p.m. The Center is located at the corner of 7th St. and Tracy Ave. on the campus of Northern Michigan University.

Across the Upper Peninsula, there are arts advocates in each community. But there was only one Mary Biekkola Wright, who was an artist, activist and believer in the power of public art. Over three decades, Mary led dozens of towns and hundreds of individuals in projects that would transform their communities. Mary said, "It is my belief that all people have the capacity to be creative and that when people engage in the creative process in circumstances visible to the entire community with the resulting creation publicly displayed, the entire process has a power that is deeply moving, transformative in nature and incalculable in scope."

This exhibition features some of the larger and best remembered projects but only represents a portion of the public art works she helped to instigate. The word instigate is appropriate because many of these projects would not have happened without her dogged determination to see them through. She arm-twisted and coerced unconvinced civic employees, reluctant artists and volunteers to give far more than anyone might expect to create something wonderful for the community. It is why today so many fondly remember their involvement with not only the projects but also working with Mary.

Mary was born Mary Frances Biekkola in L'Anse on January 25, 1941. She graduated from L'Anse High School in 1959 as Class President and after graduation, attended the College of St. Scholastica, University of Wisconsin, Madison and Northern Michigan University where she received a teaching degree and two Master's Degrees. Mary was a teacher and principal in various communities, living as a nomad, from a log cabin in Trenary, then Marquette, Hancock, and back to L'Anse. It was during the years as an educator she led the charge for community art projects that she saw not only invigorated physical spaces but the people as well. It was for this reason that she was awarded the Governor's Prize in 1999 for her contributions to art and the State of Michigan.

Mary passed away on November 15, 2021 at Bayside Village in L'Anse. But her legacy continues on through not only these physical works but the memories she created for so many people and the Upper Peninsula heritage she helped to preserve and bring to light.

Personal Note: I was blessed to have Mary Wright as an instructor when I went back to college in the 90's. In order to begin working on a Masters in Special Education, I

needed 12 credits for a different minor. I enrolled in *American History: 1865 to the Present*, taught by Mary Wright, at Bay College.

I had never learned about American history beyond the Civil War, so this class was very interesting to begin with. The way Mary taught it- and how we learned- was phenomenal. Mary was the BEST teacher I ever had. She changed the way I look at everything going on in the world. We had to investigate ALL of the different points of view. She was also diagnosed with breast cancer during this semester and had to undergo treatment. She never missed a class. Fortunately, I had the opportunity to thank her for being such a wonderful teacher, many years later.
